Lake Villa Library Reading Clubs To Begin Summer Program June 11

LAKE VILLA—A busy schedule of summer reading groups will open Saturday, June 11, and continue through Saturday, August 13, at the Lake Villa Township library.

"A better-read, better-informed and better-behaved youth does help to prevent and avoid delinquency," the library board said this week in announcing the summer reading program.

"The staff and trustees of the Lake Villa Township library hope you will make the library your headquarters for the summer. You will find a pleasant welcome."

Children aged 4 through 7 will meet at the library from 10:30 to 11:30 a. m. each Saturday for 10 weeks starting June 11 and ending August 13. A proficient reader will read, dramatize or discuss children's good books.

The story hour will highlight many of the newer books and several of the time-honored favorites. **THIS GROUP** will be known as "Library Flags." Well behaved attendance at eight of the story hours will place a child's name on the Library Flags honor roll.

Library Flags with clean hands will enjoy the story while remaining quiet enough for others to hear.

The next group of readers will be known as the "Library Bells." This is for boys and girls aged 7 through 12 who will enjoy reading, rating and reporting on at least 12 books.

To be deserving of being listed on the "Library Bell" Honor roll, the child must be almost unfailingly courteous and kind to the family and friends for 10 weeks.

He or she also must perform a daily chore or task which helped or increased the pleasure in family life.

"Library Eagles" is the name of the group for teenagers. They will enjoy reading, rating and reporting on 15 good books, at least two of which should be non-fiction.

TO BE deserving of a place on

the Library Eagles honor roll, these young readers are asked to perform at least five services which improve community living.

They will write a brief description of the service and have it certified by someone who knows of the good deed.

Suggested possible services include helping someone very old or young to cross the street safely, deliver something to a shut-in, visit a rest home, de-litter street or park, practice unusual bicycle, boat or vehicle safety.

Others suggested include helping take care of the Library Flags, help the librarian, behave so that everyone is proud one lives in the community.

Friday night at the Lake Villa Township library is "music night" and all are invited to enjoy the combined pleasure of reading a good book while listening to good records on the library's hi-fidelity phonograph.

About every four months the library has a different collection of art prints from the state library. Frequently it recognizes local art talent by displaying some of their works.

THE SUMMER reading program is sponsored and partially supported by the Lake Villa Woman's club and the Lake Villa school PTA.

The hi-fidelity equipment was a gift of the Lake Villa Woman's club and the West Miltmore Woman's club.

"You will notice many books (at the Lake Villa Township Library) labeled as a gift from an individual or a group," the library board said.

"A gift to your library is an excellent way to perpetuate the memory of someone now deceased."

Discuss your gift with the librarian. She may have a suggestion which will please you."

Small minds discuss persons. Average minds discuss events, great minds discuss ideas.

ATHS Seeks Teachers in 1960-61 Year

Six new teachers have indicated they will be coming to Antioch Township high school starting next fall and another seven or so will be needed.

That was the word this week from AHS as principal Albert Dittman continued to seek more people to fill the teaching staff.

Board of education members will meet Wednesday, June 15, to hear of more recommendations by Dittman. It also was reported this week there may be another resignation or two to file at that time.

Earlier this year the board expected to fill eight jobs at the high school, including two newly created positions. Now the total has reached 11 resignations or expected resignations, plus the two new jobs.

Dittman pointed out that almost all of those who have resigned so far have done so they may continue their education, seeking higher degrees.

Names of others who are hired by the school board and any more who may have submitted resignations will be revealed after the June 15 board meeting.

Already on the roster as new teachers are Roger Andrews, now of Sheffield, Ill.; Miss Dora Beattie, Rosamond, Ill.; Miss Marilyn Berkseth, Elk Horn, Ill.; Emery Chandler, Pevely, Mo.; William Hossick, Rockford, Ill.; and William Neuman, Fox Lake, Ill.

Each of these and other new instructors that may be employed at AHS will be sent free complimentary copies of the Antioch News so they may become acquainted with the Antioch community.

They will receive each issue during the summer months.

SALEM, Wis.—Funeral services for Cathie Allison Payson, 14-month-old daughter of Mr. and Mrs. DeWayne Payson of route 2, box 219, Salem, were held this week with a Kenosha funeral home in charge of arrangements.

The girl died at a Kenosha hospital last Friday morning following a two-day illness.

Surviving besides the parents are a brother, Donald, and a sister, Pamela, both at home; and by the grandparents, Mr. and Mrs. Eugene Davis, of Trego, Wis.; Mrs. Edward Payson, Salem, and Edward Payson, White Bear, Minn.

She was preceded in death by one sister, Kitty Ann.

Go-Kart Racing Near Soo Line Is Prohibited

Official notice was received Tuesday evening that a building is in the planning state for the site between the Jewel Tea company parking lot and the Western Tire Auto store on Lake street opposite the Broadway intersection.

However, a request that a building permit be granted to erect a structure at that place was tabled by the Antioch village board awaiting the return of village attorney Edward Jacobs from a trip.

Murray Counselman, Waukegan attorney, representing Julius J. Swartz of Chicago, requested the building permit. He said the structure would house a store to be known as the Ben Franklin store.

Swartz reportedly recently purchased the lot involved.

There are no alleys or other means of access to the building site other than those owned by private individuals. There also is no access as far as loading and stocking the store with merchandise, except from the front.

INASMUCH AS this would present a grave problem in view of the site's location at the head of Broadway on Lake street, already taxed to capacity with traffic, the matter was tabled.

A petition signed by 29 persons protesting the Go-Karts using the industrial acreage east of the Soo Line tracks was accepted. The board held the track to be a menace to children, the elderly and the sick.

The fire department committee was authorized to advertise for bids to enlarge the fire station to specifications which provide for housing of new equipment already under order.

Three members of the department were authorized to attend the annual firemen's school to be held in Champaign.

An ordinance creating a village civil defense organization consisting of a director and additional members named by him was passed. It was drawn up and approved at the request of Antioch CD director John Horan.

The Antioch chamber of commerce expressed its thanks to the village board for its cooperation on matters during the past year and particularly commented on flowers and pots which have been attached to light fixtures.

THESE WERE brought up to date by village crews this week with the inserting of a summer variety of flower in the pots hung along Main and Lake streets.

The C of C asked permission to display the American flag by attaching them to parking meters on holidays.

The village street and public work department suggested that an "anchor" for such flags be placed in front of places of business when and wherever possible by drilling suitable anchor holes in the concrete walk.

The board approved such an idea. The Illinois Missionary society was granted permission to sell tags on the village streets on Children's day, June 18.

Swim Class Still 'Open'

There is still room for more students to register for swimming lessons' first session at the Antioch Aqua Center swimming pool.

Any children interested in signing up may do so at the swimming pool between the hours of 9:30 a.m. and 1 p.m.

Classes are being offered to beginners, intermediates, swimmers and adults. Water ballet and life-saving classes also will be held. Ten lessons are being guaranteed at a new low price of \$3 a session.

If more than two children from any one family are registered, the third or more children may be registered at \$2 each.

Mrs. Karen Baird, who is in charge of swimming lessons, was kept busy much of the afternoon Saturday and also last Friday afternoon registering people for the classes.

Warm weather attracted many people to the pool the end of last week, especially children.

DEAR READER News Editorials

A WORD TO THE WISE, Etc.

The influx of summer visitors to the Antioch vicinity in the last week or so has increased considerably the number of people dropping in at the Antioch News office and asking many questions—with the one coming the most often being "where can I rent a summer home or cottage?"

While so far the traffic in and out of the News office has been mostly along the line of "renting," there undoubtedly are other people seeking places to buy, an outboard motor to purchase, a new swim suit, or—well you name it.

Weekends are seeing more and more people coming to Antioch and vicinity for pleasure. Antioch and its nearby communities are prepared for these visitors whether they are here for a day, a week-end, a week or all summer.

Your weekly newspaper, The Antioch News, is the best means of reaching these people when you wish to buy, sell, rent, lease or lend.

It is the Antioch News that people see on the newsstands in the community and it is the local newspaper that people buy.

Sales of the Antioch News via the newsstand in Antioch increase greatly this time of year, for people coming to a community find that it is the local weekly newspaper that provides the best means of contacting would-be sellers, buyers, renters, lenders, etc.

Circulation of the Antioch News has increased considerably in the last few months both as to subscriptions (remember the subscription campaign?) and via the newsstand.

So remember, the best way to reach the summer resident and the year-around resident is via The Antioch News—your only local NEWSpaper.

Courthouse Notebook—

BY LOU DURKIN

It will be interesting to see what effect if any the newly announced crackdown on "all forms of gambling and gaming" in Lake county will have on the State's Attorney's race in November.

State's Attorney Bruno W. Stanczak is apparently taking at face value the repeated instructions to grand juries by Circuit Judge Bernard M. Decker to investigate gambling of all types.

Stanczak has directed police officials in cities and villages throughout the county to stop gambling of any type and this includes raffles, door prize lotteries conducted by business firms for promotion, the sale of raffle tickets by churches and non-profit organizations and anything that smacks of "something for nothing."

This should produce some unhappy reactions from church groups that have held raffles for years, from volunteer fire departments which count on the proceeds from summer festivals to support the department, and from veterans organizations which derive considerable revenue from chances on cars and other games of chance in order to carry on their various programs.

This current drive goes beyond anti-gambling directives of the past and those who have paid lip service to anti-gambling crusades in the past may feel that Stanczak is going "too far."

It would be ironic indeed if strict enforcement of the gambling laws should react to the benefit of the Democratic candidate for State's Attorney.

Highway construction in Lake county seems to be at an all-time high this summer with major projects underway in almost every section of the county, but not all of the work is being greeted with cheers by the people whose property is being affected.

Particularly unhappy about some of the projects are owners of businesses at major intersections who are finding themselves cut off from the highways by the new median strips being installed in many areas.

It is not hard to imagine greater congestion and additional hazards as a result of the dividing barriers as motorists try to reach their destinations without driving several miles out of their way.

While on the subject of highways, wouldn't it be a good idea for the state to pass a law permitting right turns on a red light after a stop at those intersections where a right turn lane has been provided?

Hundreds of motorists already continue on their way against the light after a check of oncoming traffic, but they are violating the law.

Establishment of a county public works department as suggested by County Board Chairman Karl Berning seems to us a forward step towards the solution of the water and sewer problems in Lake county since it will provide uniform planning and will deal with problems which extend beyond local political boundaries.

If such a department is established, however, we would like to see it provided with enough qualified engineers so that outside engineers would not be needed whenever a project is planned.

It has always seemed like wasteful duplication for a city or county to set up an engineering department whose sole duty seems to be hiring outside engineers to prepare plans for their projects.

The state convention of the Illinois Republican party will be held in Decatur June 18 and among the major items of business will probably be the selection of a candidate to succeed Attorney General Greenville Beardsley who died last week.

The selection will be made by the state central committeemen and Mark Beaubien, of Waukegan, will cast the ballot for the 13th Congressional district.

The Republican house campaign committee, headed by Warren Wood, will meet the same day to draft campaign strategy which will provide a Republican House in the Illinois General Assembly.

State Representative W. J. Murphy, of Antioch, whose re-election is assured, is a member of the Committee.

Methodist Church Sets Bible School Opening

John Bellucci Is Grad At St. Joseph College

RENSSELAER, Ind. — John B. Bellucci, son of Dr. and Mrs. John Bellucci of route no. 3, Antioch, Ill., was among 126 seniors who received degrees on June 5 at St. Joseph's college, Rensselaer, Ind.

Bellucci, who received a B. S. in biology-chemistry, is a 1956 graduate of St. Philip's high school, Chicago, where he lettered in football.

At St. Joseph's he has been treasurer and secretary of his class, and has been named twice to the dean's honor list.

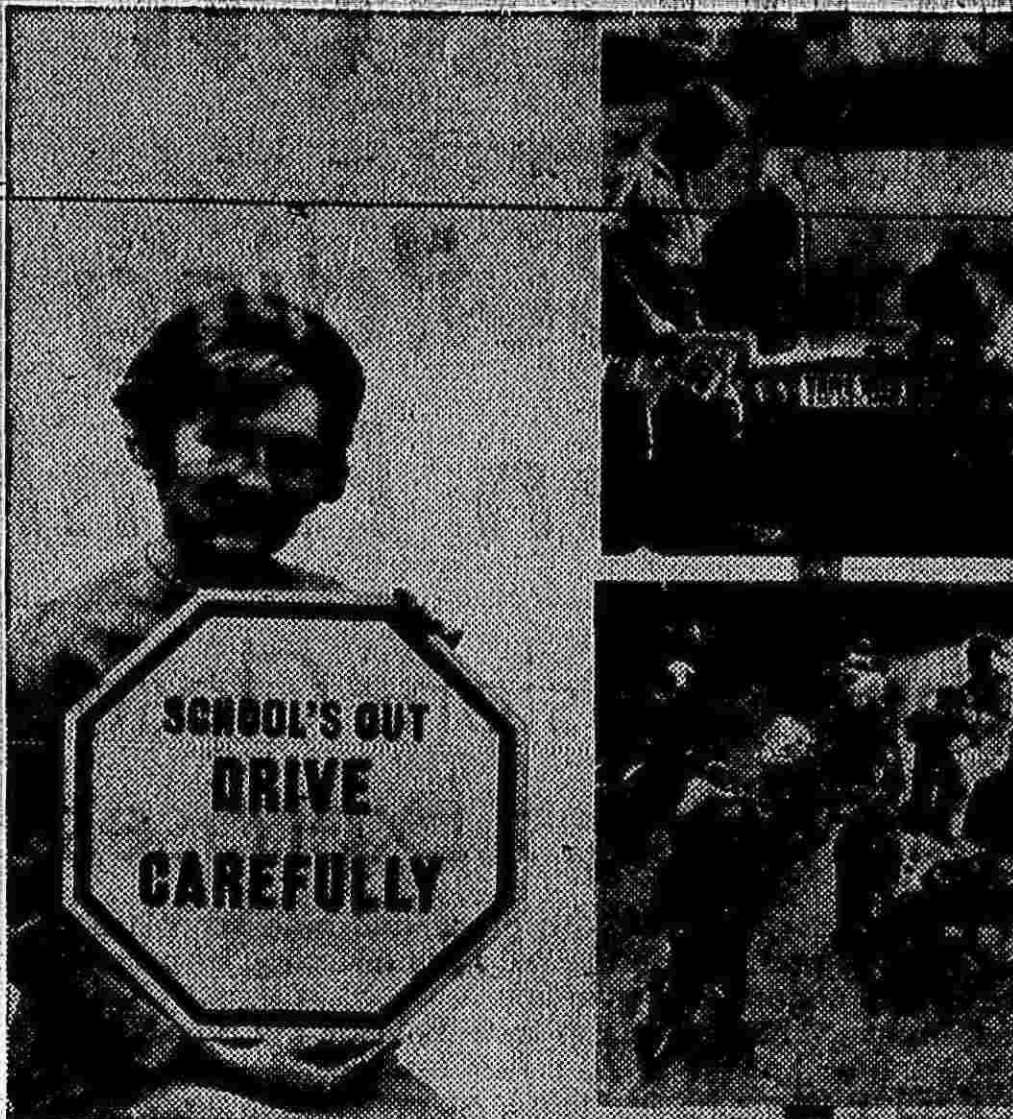

Rifles Prohibited In Hunting of Deer

Rifles are prohibited for deer hunting in the state of Illinois and before shotgun hunting is permitted, the state department of conservation determines the number of hunters that safety and the estimated county deer population will allow.

Hunters are required to wear a cap and vest or coat of vivid red, orange or yellow to lessen the danger of being mistaken for a deer by another hunter.

MISS WITH A MESSAGE — When Illinois public schools close for summer vacation, youngsters will be out for their season in the sun. "Motorists should be extra careful," says Carol Lane, women's travel director for an oil company. "It's easy for children to forget about cars and hard for motorists to stay alert for children. So, adults must teach young people traffic safety — and, when driving, be constantly on the alert for the bouncing ball, the skipping figure, and the swerving bike. This summer make Illinois safe. Drive carefully — constantly."

CHANNEL LAKE — Graduation day for the fifteen members of the Class of 1960 of Channel Lake grade school was held Thursday, June 2. A capacity crowd of friends and relatives filled the all-purpose room of the school at 8 p. m. for the exercises.

The class marched in to the time-honored music of "Pomp and Circumstance," and were seated on the stage.

The stage was banked with flowers which had been gathered from the yards of members of the community during the day by members of the seventh grade.

The invocation was given by Pastor Herbert Cottrell. Principal Donald Behling introduced the president of the school board, Lee McKinney, who made a short speech of welcome to the audience.

Behling then introduced the speaker of the evening, John Conzelman, assistant superintendent of schools of Lake county.

After a short speech, Conzelman presented diplomas to the class, to the accompaniment of a considerable popping of flash bulbs.

After the presentation of diplomas Mr. W. V. Lahti of the American Legion, presented awards to Nancy Lindblad and Roger Eberman as outstanding girl and boy.

Awards are based not only on scholastic achievement, but on a record of service and leadership.

"The Star Spangled Banner" was sung by the assembly, and the exercises were closed by a benediction by Pastor Cottrell.

Parties were in progress through the evening at the homes of many of the graduates.

And the class spent the balance of the evening moving from home to home, en masse, to enjoy various buffet suppers and dancing.

A large crowd attended the party held Saturday, June 4, for graduates of Channel Lake school. A buffet supper was served, and the evening was spent dancing.

BOSTON, Mass.—Mr. and Mrs. Charles W. Pfleger of the Channel Lake district near Antioch, Ill., were among those present Monday when Arthur W. Eckman of Cambridge, Mass was elected president of the Mother Church, First Church of Christ Scientist, for the coming year.

More than 7,000 Christian Scientists at the annual meeting of the Mother church heard the board of directors call for an end to apathy, blind partisanship and blind irresponsibility.

"Decisions about national elections should come out of each voter's communion with God, and the guidance gained through prayer," it continued.

"With complete confidence in God's guidance," the board declared, "Christian Scientists foresee the doom of the evil forces which would undermine righteous government, weaken human freedom and sink mankind into materialism."

Reports of key officials covered the far-reaching activities of the denomination which has branches in more than 45 countries throughout the free world.

Courtesy, Common Sense Needed For Correct Operation of Boats

SPRINGFIELD — Courtesy and common sense afloat are two cardinal rules that will help assure safety while enjoying outdoors, the Illinois departmental information service suggested.

Every skipper owes it to himself and his fellow sailors to know and abide by the accepted traffic rules of the water.

Under federal boating regulations, now applied in Illinois, boat owners must carry a certificate of numbering on board at all times. Also, the numbers must be lettered on the bow parallel to the water line.

Specified equipment must be included. For the average boater, operating an outboard in the Class A (under 16 ft.) category, a life-saving vest or similar device for each person must be carried on board, in addition to proper lights and a fire extinguisher.

Equipment should include a first aid kit, a line, flashlight, paddle and signal gun. Lights should include a combination red and green bow light and a white light aft. Additional equipment is required for larger craft.

THE WAY you load your boat and mount the motor has a lot to do with its performance and safety. For balance and speed, distribute the load evenly from bow to stern and side to side.

Don't forget the weight of the motor is at the stern. For safety's sake, remember the number of seats do not necessarily indicate capacity.

Follow the total weight capacity recommended on the boat's plate—and don't overload!

Of course you know highway speed limits when hauling your craft? That's right—55 m.p.h. for combinations less than 8,000 pounds and 60 m.p.h. for combinations over 8,000.

Courtesy is important!

Keep clear of fishermen and swimming areas, and watch your wake when nearing smaller craft or row boats and canoes. If your boat capsizes, restrain your first impulse to swim ashore.

Even if you're an excellent swimmer, the shore may be farther than it looks.

DON YOUR life preservers, stay with the boat and signal for assistance.

An inverted ensign indicates a fire on board. Waving a white flag, rapid ringing of a bell or firing a signal gun calls for help—and keep calm.

If you're trying your angling luck, you'll enjoy it more if you follow a few simple safety rules.

Cast overboard, not sideways; watch your backcast and keep your seat while casting. Keep a lookout on the water ahead and traffic in the area while trolling.

Net your fish with a quick firm sweep and don't disturb the boat's balance.

Water skiing is becoming increasingly popular. Do you know there are safety rules and approved hand signals for communicating with the driver so both of you may enjoy the sport more?

The experts say that anyone can water ski—but if you try it, why not learn the rules of the game first. Inquire at your boat club.

'Sealed' Toilets On Boats a Must County Reports

Persons owning boats with marine toilets must comply with the Lake county ordinance requiring that the toilet be sealed, if the boat is used in the inland waters of Lake county, Dr. Arthur G. Baker, director of the Lake county Health department warned today.

Sealing of marine toilets may be accomplished by driving a plug in the inlet pump and outlet discharge on the boat. This can be done by a marina operator or the boat owner, himself, when the boat is out of the water.

This operation does not damage the boat and the plugs can be removed if the boat is transported to Lake Michigan, where the restriction on the use of marine toilets does not prevail.

Health department sanitarians operating under Jack Womack, senior sanitarian, will affix a decal on the windshield of the boat when the marine toilet has been satisfactorily sealed.

Enforcement of this ordinance represents one step in the program of keeping Lake county water resources free from pollution, so that bathing beaches and fishing will not be impaired.

Actual inspection of boats will begin Saturday, June 11.

The field is located near the Antioch Township library and the Antioch Aqua center swimming pool.

Boat Haulers State Rules

The popularity of boating has made "truck drivers" out of many motorists who have purchased or rented trailers to pull their craft behind their passenger cars.

The legislative department of the Chicago Motor club points out that as operators of such trailers, motorists become subject to many unfamiliar licensing, identification and operating regulations.

Under Illinois law, such trailers are "vehicles of the second division," and they are subject to registration fees based on their gross weight, including the vehicle and its maximum load.

As "vehicles of the second division," their operators become subject to a number of requirements which do not apply to drivers of passenger cars alone.

The motor club says these special requirements include:

—Trailer must be inspected semi-annually for its safety factors, just as a truck is inspected if its gross weight (including load) is over 3,000 lbs.

—The registration card for the trailer must be carried at all times.

—Speed is more strictly limited.

While a passenger car may be operated at 65 miles per hour outside of an urban district, the towing of even the lightest of trailers reduces the legal speed to 55 miles per hour; with a heavier trailer, where they total weight exceeds 8,000 pounds, the speed limit is 50 miles per hour.

—Special rules for trucks must be obeyed, such as the following designated "truck routes" and not operating on streets reserved for passenger cars only.

—The trailer must be marked with the owner's name and address and the vehicle's empty weight, in lettering at least two inches high and one-half inch wide, on both sides of the vehicle.

("Address" means city or town, not street number.) This information may be painted on the frame of the trailer, or shown on plates attached to both sides of the trailer.

Go Karts to Race Sunday

The Go-Karts have found a home. It was learned this week. Permission has been granted the local kart enthusiasts to run their races at the Kenosha County Speedway at Wilmet, Wisconsin.

Races will be held at the grounds near Wilmet high school every Sunday afternoon and the first is scheduled at 2 p. m. Sunday, June 12.

The Antioch village board Tuesday evening of this week barred such racing from the industrial site east of the Soo Line tracks in that village. A petition against the Go-Karts using the tract had been signed by 29 persons.

Backers of the Go-Kart races at the Wilmet Speedway said Wednesday there had been inquiries from many places in Wisconsin and Illinois. Go-Karts from Chicago, Highland Park, Waukegan, Milwaukee and Kenosha are expected.

Bob Rataczyk Top Qualifier

WILMOT, Wis. Time trials were run with 51 automobiles competing Saturday night at the Kenosha fairgrounds Speedway, and so were three 10-lap heat events before the rains came.

A full field of powerful modified stock cars with many new entrants were all set for breaking records as the track surface was in excellent condition for racing due to the prevailing moist air.

Fastest qualifier for the evening was Bob Rataczyk of Kenosha powering a V-8 Buick powered Ford. Norm Nelson, Racine, introduced his Ford-powered Crosley and captured second fastest.

Rataczyk's time was 51.03 mph and Nelson posted 51.00 mph.

First 10-lap heat was taken by Gene Murdock of Waukegan, Ill., second to Ray Clarke, Lake Zurich, and Dan Stathopolus, Lake Zurich, was third.

Gordy Gorman, Libertyville, took top honors in the second 10-lap event, followed by Rod Fuller, Racine, and Walt Kaddatz, Slade's Corners, in that order.

Third 10-lap heat went to Ron Crane, Round Lake, with Jack Radtke, Grayslake, second, and Frank Hough, Waukegan, third. Drivers' purse totaled \$1151.

Not even the president of the U. S. can be saluted by dipping the national flag. The U. S. flag may be dipped in courtesy to another nation, but, unlike some other national flags, never to an individual.

After two weeks of play in the Lake-Keno softball league, the Badgers of Golfview with a 5 and 0 mark and Pat's Lounge with 3 and 0 lead the pack.

The Badgers under the leadership of Ronnie Vos have come through with sparkling performances with new talent such as Bolton at third base, Bob Odden at first, a transplanted outfielder, Tommy Fox, at second, and the speed king Jack Lawrence in left field.

Jerry Fox's and Jack Palmer's play have given Vos a closed door for short center and right field.

Rookie to the team Sid Parker can fill in for veteran Phil Vos out in center or for Larry Hostetter, who is playing a bang-up game at shortstop.

On the mound Eddie Lindstrom, Al Desbiens and another new face, Jack Larsen, form quite a pitching staff with Chet Jermakowicz behind the plate.

On the bench sits Ray Boettcher and Howie Laursen, a couple of vets who can fill in most anywhere and by the time this season's over will see plenty of action.

Thom-Eric, last year's champions with a 2 won, two lost record this season, haven't come around as yet, says Manager Casey Erickson.

Two new faces, Bauske in center and Petowski behind the plate, along with Richards at first, Kania, second, George Pahlke, third, Bob Jungkans at short, Frank Huss, Belucci, and Rich Pahlke in the outfield, fill out the squad.

On the hill is John Bishop, last season's leading pitcher. Shorty Ritchie is all set to go now, so it's watch us from here on in, says Casey.

In Tuesday night's game, Fox Lake Hills scored an upset with a 6 to 5 win over the Merchants of Fox Lake.

Walt Soderman hurled a six hit contest for the Hillsmen, and Ronnie Frystak let the attack with 3 hits in 4 at bats.

'Doughnut Day' Slated In Area Towns Friday

Little brown doughnut-shaped tags will mark the lapels of many in the Antioch-Lake Villa-Millburn area Friday, June 10, when these communities observe the Salvation Army's 22nd annual "Doughnut Day."

Men and women in these communities have volunteered to seek contributions that day, from 6 a.m. to 4 p.m. in support of the many services offered by the Salvation Army. Goal of the drive in Chicago and vicinity is \$160,000.

In all communities, including this area, where Salvation Army service unit committees are organized, 20 per cent of the funds raised in local "Doughnut Day" drives will remain with the community residents serving as local treasurers for the Salvation Army.

These funds will be available for emergencies or disasters in the communities, and to finance unduplicated programs of health care of other services.

Antioch chairman is Mrs. Francis Burke of route 1, box 427, and Mrs. Ann Kopriva of route 2, box 138, is co-chairman.

Chairman for Lake Villa is Mrs. Fred Bartlett, Sr., for Fox Lake Hills, is Mrs. John Frystak of route 1, Hawthorne drive, and for Millburn is Mrs. Lloyd Stephens of box 182, Wadsworth.

Son of Local Woman Will Receive Degree

CHICAGO—Willard John Genz, son of Mrs. Viola Genz of Antioch, will be among those receiving degrees from the University of Illinois Chicago Professional Colleges on Friday, June 10, at Navy Pier in Chicago.

Genz will be awarded a degree of bachelor of science in pharmacy, at the commencement exercises scheduled for 10 a.m.

Following the exercises, a 1 p.m. luncheon will be served and from 2 to 4 p.m. there will be a reception held in the Chicago Illini Union, 712 S. Wood street, Chicago.

Genz, who makes his home at 337 Barber in West Chicago, is a graduate of Dundee high school, class of 1951.

Our modern pharmacy has a great variety of health needs for the entire family. Prompt, personalized prescription service!

Troop 92 Scribe

On May 27 through the 30th, troop 92 went on a camp-out to Gander Mountain Hunt club.

When we got there we set up camp and brought the equipment to the tents.

By then it was 9 p.m.—time for bed.

Early in the morning we went fishing, came back and ate and did some other things. That night we had a Cracker Barrel.

Sunday we went to church, then went fishing, and when we started to come back it started to rain, so we didn't have very much to do.

Monday we had the fun. First we built a monkey bridge (which is a bridge made of ropes). Then when we were finished we would try to knock each other off.

Then that night we had a smorgasbord with what food was left from each patrol.

Then we left for Home Sweet Home.

Those who attended were Nell Taylor, Jim Pifer, Terry Harrison, Glen Oftedahl, Gary Strahan, Don Strang, Bill Davis, Pat Hofkamp, James Barnstable, Frank Roblin, Greg Likechic.

Robin Likechic, Jim Gier, Ron Patla, Randy Miller, Dean Killmister, Tony Badame, Jay Bruski, George Cosmikus, Stanley Cosmikus, Joe Matusick, Frank Cismanski and Tom Wanowiak.

Bill Grenager, Chuck Grenager, Jim Edwards, Jim Horton, Clare Grenager, Mike Haley, Lou Gier, Ed Hofkamp, Andrew Huff, Jim Lonson, Jim Nirink and Jim Nolan.

Lions to Sponsor Big Circus Here

The ADAMS and SELLS circus under the sponsorship of the Antioch Lions club will present two performances "Under the Big Top" one at 2 p.m. and the other at 4:30 p.m. on the village parking lot July 3.

It will be a genuine old fashioned family show with 24 feature acts, jugglers, tumblers, clowns, astounding aerial acts, dogs, ponies, horses, monkeys, and "Little Bertha," the performing elephant, who is reputed to be one of the finest in the world of circus entertainment.

There are 2700 good general admission seats and 700 reserve seats available for each performance. The Antioch Lions will have charge of the advance sale of these tickets at a considerable saving.

Antioch Lions will sell them in advance. The reserved seats will be available for an additional cost.

By buying these advance discount tickets from the Antioch Lions the purchaser will be helping the Lions with their projects for the blind, retarded children and various other projects.

King-Size Map Readied For Chicagoland Area

A new, king-size panorama map of the Chicagoland area, on which any resident can locate his home or neighborhood, has been printed by the Chicago Association of Commerce and Industry.

In brilliant color, the map covers in detail the eight-county Metropolitan Chicago area, and encompasses Duquaque, Iowa, on the west, Michigan City, Ind., on the east, Green Bay, Wis., on the north, and Grant Park, Ill., on the south.

The Chicago lakefront is highlighted. The new Exposition center, Soldiers field and the Grant Park Band Shell are a few of the many landmarks which are pinpointed.

The new visual of Chicagoland emphasizes the continuing growth of the area. Principal industrial centers, the new Dresden Nuclear Power plant, and all the new expressways and tollways leading into Chicago are shown.

Also featured is a picture round-up of recreational opportunities in Chicago by seasons.

It shows just what takes place in the city in spring, summer, fall and winter and tops it off with a run-down of year-around pleasure possibilities.

Sports events, special shows and exhibitions, parades and concerts are included.

Copies of the new 36" x 48" panorama map are available from the Chicago Association of Commerce and Industry, 30 West Monroe Street, Chicago 3, by mail or in person.

Special quantity prices are available for orders of 100 or more maps.

4-H Club Week Set for Madison

Members and leaders of 4-H clubs throughout Wisconsin will gather on the University campus at Madison, June 13-16, for the 40th annual state 4-H Club week.

Acting state 4-H club leader Verne Varney reports that this year's theme is "Learn, Live and Serve." Activities will center around the opportunities 4-H offers for all three.

Launching the Monday sessions will be Helen Matheson of the Wisconsin State Journal and President Conrad Elvehjem, University of Wisconsin.

Specialists from the university and the state and the U. S. department of agriculture will lead other discussions during the week.

Winners of special awards will be honored Wednesday evening following a "Friends of 4-H Banquet." Reports by IFYE delegates and exchanges cap the week's activities Thursday.

Many members will take part in special interest sessions — band, chorus, speaking and news reporting—held each of the four days.

Vacation Bible Schools to Open

Two churches in this vicinity have announced Vacation Bible schools to open Monday, June 13.

Antioch's Evangelical Free church will have its sessions from 9 a.m. to 1 p.m. daily from June 13 through June 17, with a program the evening of June 17 as the closing event.

Pastor Herbert Cottrell said that a "well rounded program is being planned for the children." The children attending will all have parts in the evening program Friday, June 17.

Sessions will be held at the Emmons grade school, Beach Grove road and highway 59.

Lakeland Baptist church near Lake Villa will be the scene of another Vacation Bible school starting next Monday from 9 a.m. to noon. It will open to boys and girls 3-years-old through 6th grade. The school ends June 24.

Outdoor play, handcraft, games, stories and the like will be featured.

Not Enough Response For a Summer School

There was not enough response to the recent announcement that if there was enough interest among grade school students, a summer school session would be conducted at Antioch grade school June 13 to July 22.

Clifton Houghton and Harlan Ware who were to conduct the school, said only a half dozen or so showed any interest. This number was not enough to make a summer school worthwhile.

Purpose of the school was to "reinforce instruction given during the regular term and to fill in any gaps which may have occurred, enabling the student to be more fully prepared for the following year."

A notice of the proposed summer school was sent to parents, signed by Superintendent W. Richard Whitacre, and enclosing a form to be filled out.

Antioch Township high school likewise has announced little response to its plans for a summer school session.

Firemen Summoned

Antioch fire crews were summoned twice last Friday to battle Grass Fires in rural sections of the fire district.

The first was to the south side of the village when a jeep and a rural truck answered the call. The second sent firefighters to the Petite Lake section.

LINDENHURST — Ladies auxiliary to the Lindenhurst Men's club will have its monthly meeting at 8 p.m. Thursday, June 9, at the Village hall. Everyone is invited to attend, whether members or not.

Members are asked to come and bring a friend. Mrs. Lu Stanley is president. Games will be played with prizes given to the winner.

Mrs. Armand (Joan) Bourque of South Thornwood drive, and her twins Mary Kay and Joey, 18 months old, flew down by jet to Cincinnati, Ohio, May 28 and came back May 29. They visited with her sister who is a nun there.

She is Sister August Mary, and teaches first grade at the St. Paul school. She lives at the Summit convent.

The twins enjoyed flying by jet very much. Joan has flown before, but not by jet.

Mrs. Dick (Joyce) Gorski of Plum Tree road was a patient in St. Therese hospital for 11 days. She had surgery. She came home from the hospital June 1. The Gorskis have four children, Ricky, Randy, Gary 2, and Jody 10 months.

Joyce wanted to take this means to thank all her friends for the cards and flowers they sent. She said they meant so much to her, to know her friends were thinking of her.

The Gad-a-bouts met at Mrs. Mel Uebele's home on Hawthorne drive, June 1. Present were Pearl LaBarbera, Lorraine Grant, Sandy Drago, Georgia Sutherland and Bernice Bernau.

Mrs. Evelyn Lazansky of Hawthorne drive had a jewelry party in her home June 2. Friends who were there were Mesdames Jane Lindberg, Mel Uebele, Lorraine Olfredson, Elaine Murawski, Bernice Bernau, Ella Schrottland, Betty Quinn, Pat Szczesniak, Bert Harceg, Helen Mindak and Mrs. Paul Bryant who lives in Elgin.

Howard Lindberg of Sprucewood lane was a patient in Victory Memorial hospital last week. He is still on the sick list. His wife's mother, Mrs. Pearl Bryant of Elgin, stayed with them for a few days, and later Howie's mother came out to help out with the children.

Suzie Drago of Elmwood drive is on the sick list, the aftermath of measles. They have left her with a double ear infection.

Michael Golden, 2, of Elmwood drive, is down with the measles. Good thing Bill had his graduation party early, as he wouldn't have been able to have it this weekend. Carol Kusps of Pinecrest lane is getting over the measles.

Mrs. Nada Romani of Deerpath drive was the victim of an automobile accident recently in Chicago. Standing still waiting for a red light to change, the car behind her plowed into her car, causing her to hit the car in front of her. Her car was banged up, but luckily Nada wasn't hurt.

Don't forget to contribute to the Lake Villa township rescue squad fund, care of B. J. Hooper, treasurer, Lake Villa. We never know when we may need their service.

Lindenhurst residents are going to have the cleanest closets if the vogue for rummage sales keeps going at its current clip. The Lindenhurst Garden clubs sale is June 18, and the Prince of Peace rummage sale is June 17 and 18. Mark these dates on your calendar.

Mrs. Lorraine Haznedl of Pinecrest lane is finally up and about after having surgery on her legs. Belated birthday greetings to Lorraine on her natal day May 29 and to her husband Clarence, who celebrated his birthday May 30.

Mr. and Mrs. Frank Mindak of Hawthorne drive visited Helen's mother, Mrs. Jenny Szydlowski, in Resurrection hospital Saturday afternoon. She was operated on last week.

The Lindenhurst Daisies Seniors

held their meeting May 25, at the home of Mrs. Andrew Westberg, Woodlane drive.

Topic of discussion was a progress report, which included the jiffy blouse, knitting, baby sitting and out-door cooking.

Members are Barbara Warchol, Carolyn Westberg, Loren Lee Lewis and Pat Loblillo. Refreshments were served after the meeting adjourned.

Mrs. Bernice Frontzak of Sand Lake road and Mrs. Lois Flanagan of Briar lane are both members of the "7-11 Gabbers Club," (they get together by 7 and leave by 11) in Chicago. May 27 the ladies went "on the town," with the other ten members of their club.

First they had dinner at the Italian Village restaurant downtown, then they went to the Palace theatre where they saw "Can-Can." After the theatre the girls went to the Trade Winds where they saw Vic Damone.

Bernice and Lois belonged to the same club in Chicago, before they moved out here. When Bernice told Lois she was building out here, Lois said, "Why, we've got a lot out there, but we'll never live there." But here she is, and one of our most ardent workers. Bernice is, too.

I hope you picked up a copy of the paper "The Pied Piper News," put out by students of the Prince of Peace school. It was well written. There is a little bit of everything in there.

How and when Prince of Peace church and school started, the first Peace wedding, teachers, pastor, funeral, baptism, mass and so forth.

All about the June graduates, their last will and testament were included. Very cutely written. If they are still available, I recommend that you get one and read it.

ATHS Summer School Slated

Four courses will be offered in the summer school program at Antioch Township high school starting Monday, June 13, and continuing to July 25, it was announced this week.

They are developmental reading and the first semester each for English I, English II and English III.

The school said that there was still time to register for either of the courses. This may be done by contacting the high school office.

Classes will last two hours and times for them will be set when each is organized.

Lawrence Eggleston will be teacher for all four classes.

It has been proposed to include several more subjects in the summer school curriculum. But this plan was abandoned when it was found not enough would-be students were interested.

All drivers should keep pace with traffic. The driver who goes much faster or slower than the normal flow of cars is the one who causes congestion and increases traffic hazards.

Women's Group Is Organized to Help Troop 86

By Mrs. Pearl Kapell

CHANNEL LAKE—A new organization in the community—the Women's Auxiliary of Troop 86—held its first meeting on May 31.

Idea for this organization was born at the last meeting of the Boy Scout committee of Troop 86 on May 25 at the home of Russell Roepenack.

Purpose of the new group is to assist the Boy Scout committee, and to raise funds for needed equipment and expenses of this Boy Scout troop.

At its first meeting, the group elected officers, drew up by-laws and discussed activities to raise money.

Jan Roepenack was named chairman; Helen Dowell, vice-chairman; Lucille Eberman, secretary-treasurer; Mary Peck, publicity chairman; Mrs. Don Behling, activities chairman.

At present, the organization has about eight members, but they hope all mothers of Boy Scouts will join. It will welcome any ladies of the community who feel they might be interested in the work.

It was decided at the meeting that a bake sale will be held at the Ford garage in Antioch, on June 25.

At present, there are 24 Boy Scouts in Troop 86. Scoutmaster Ray Atwood expects the enrollment will be almost double that within a year.

It is hoped that this new group will be able to aid substantially in the support of the troop.

Portable Device Keeps Local Man Alive in Chicago

An Antioch man has been the center of more than passing interest in the last week or 10 days since he has been kept alive at St. Luke's hospital in Chicago by means of a portable pacemaker.

Hospital people describe this as an electronic device that is firing 68 impulses of electricity a minute into the ailing heart of Fred B. Swanson, 68, of 479 Naber avenue, Antioch.

A retired theatre owner, Swanson is well known as a member of Medinah temple of the Mystic Shrine. He would be dead today, doctors said, were it not for the artificial pacemaker in operation.

When Swanson becomes stronger he will be able to wear it as do 50 or more other heart victims in this country.

Surgeons wired one lead from the machine directly to his heart muscle and inserted another connection under the skin of Swanson's chest.
